**CONTACT:** [GET YOUR TICKETS](#)

**NOTES:** Tickets now available for Zaccho Dance Theatre's 2022 site-specific performance *Love, a state of grace*. Featuring aerial dance and meditation stations throughout Grace Cathedral in San Francisco, *Love, a state of grace* will be a performance installation presented in one hour cycles repeated over 3 hours, during which the audience can move freely within San Francisco's Grace Cathedral. The original concept for *Love, a state of grace*, was a response to the rise in violent attacks and vandalism directed at sacred places in the United States. The objective was to bring together diverse communities to share and celebrate our common humanity and the tenets of love in religious practice. Since our initial development of the work, our country has been experiencing the devastating impact of the COVID-19 pandemic and the rise of social uprisings against racial injustice. In light of these events, we have reframed *Love, a state of grace* to include reflection and dialogue around these issues. It is our hope that our shared experience will reaffirm the role of kindness, compassion, love, and righteous social action in the national healing process.
